Description

- Sofa end table with base in argile lacquered steel and thick lower surface in sawn oak. The upper surface, also in oak, comprises a Pebble-coloured linoleum top glued onto a 5 mm thick HPL laminate. For ease of maintenance the raised linoleum top may be easily removed using the screws underneath.

- Bedside table with base in argile lacquered steel and lower chest in argile or vieux rose lacquered sheet aluminium. The oak upper top incorporates a Pebble-coloured linoleum surface which is glued onto a 5 mm thick sheet of high pressure laminate. For easy maintenance, the raised linoleum top may easily be removed thanks to the wheels located beneath it.
